Reconvene in Full Council	Kim Kane called the meeting to order noon, Thursday, July 26, 2007 and asked for introductions around the table. On Friday, Council members will vote for Vice-Chair and Consumer Representatives. Individuals may nominate themselves or another person with that person's permission.
Approval of April 19- 20, 2007 Minutes	The minutes from the April 19-20, 2007 Council meeting were approved by unanimous consent
Chair's Report	Rick was absent; therefore no Chair's report was given.
NACDD Report	Changing Lives, a booklet about the National Association of Councils on Developmental Disabilities (NACDD) was distributed to Council members. Marilyn reported that she, Rick Betzer and Ron Enright had attended the NACDD Technical Assistance Institute in June. The workshops dealt with the national data tracking system (DD Suite), fiscal practices, and leadership development. Marilyn and Rick also called on Idaho's Congressional delegation and talked with them about appropriations for Councils and reauthorization of the DD Act. NACDD is supporting an appropriations increase as well as a separate title in the DD Act that deals with self advocacy (which would need its own funding). Marilyn mentioned that NACDD's fall conference will be held this year in San Diego and she would like to see if additional Council members could attend. Additional information will be sent out.

Infant Toddler Program presentations on the Infant Toddler Program and the Early Childhood Coordinating Council. NOTE: Copies of the Power Point handout were distributed and are available. Conference Reports - VOR Conference Dona Butler reported that she had attended the conference sponsored by the Voice of the Retarded (VOR). This organization is one that is comprised of family members of people who reside in institutions and is supportive of institutional services. At that conference Dona voiced her support for the Council and her opposition to VOR's desire to amend the DD Act to take away some of the responsibilities of Protection and Advocacy agencies. The Council staff gave her a "Badge of Courage" for speaking out in opposition to VOR's position. Dona also mentioned that VOR has no plans for changing the name of the organization. The name is one that many advocates find offensive. - SABE Board Meeting Theresa Wilding gave a presentation on the SABE Board Meeting. There was discussion about the Council on Quality Leadership (CQL) presidential forum and the national SABE conference that will be held in Indianapolis, Indiana in September, 2008. - Kim Kane Kim Kane gave a report on the Coalition for Domestic Violence and Abuse. She mentioned one point that she had learned about was how if a woman with a disability is able to leave an abusive situation but still uses the same transportation or other supportive services, the abuser can still find her. Kim also discussed the presentation given by an attorney from the Empire Justice Center in New York. There was discussion of putting information on our website about domestic violence. 2009 Special Olympics World		July 26-21, 2001 Council Meeting Minutes

-Follow up to April	Special Olympics World Games. Marilyn and staff
presentation	had discussed how this presentation had been
T	received and felt that the Council was not very
	hospitable to Ms. Uberaga since she was representing
	an organization that operated a segregated program.
	Marilyn apologized for not preparing the Council
	members better as to the purpose of the presentation.
	There was considerable discussion about the April
	presentation, how it was received and whether the
	Council would like to have them return for further
	discussion. Christine mentioned how valuable
	Special Olympics Idaho has been in helping recruit
	self advocates for Council projects. There was also
	discussion about how the Council reacts to
	presentations from organizations that do not
	necessarily share our views, and the need to be polite
	even if we disagree. Marilyn asked for guidance as to
	how she should respond when people outside the
	disability community ask what the Council is doing
	in relation to the World Games. Gioia suggested that
	one way to characterize Special Olympics is that,
	although it has represented an older way of thinking,
	that this is evolutionary process. The Council
	instructed staff to look at aspects of the games that
	we could align with and work together to increase
	awareness of the abilities of people with disabilities.
	On a motion from Bob with a second from
	Corinne, the Council recessed at 4:45 pm. to allow for
	the room set up to be changed for dinner. The
	barbeque at the park was cancelled due to the hot
	weather.
Council Dinner	Council members provided reports on their activities
	and engaged in a team building game.
Committee Reports	Shiloh presented the Consumer Leadership Caucus
- Consumer	report. Only 3 members were present for the meeting
Leadership	and they discussed the issue of guardianship and the
	presentation that had been done at the April
	meeting. Cameron Gilliland, of the Department of
	Health and Welfare will present at the next
	Consumer Leadership Caucus meeting on the role of
	regional guardianship committees and the process for

appointing guardians to adults with developmental disabilities.

- Governance

Debbie DePaola presented the Governance Committee report. The Committee conducted a final review of Council Policies 103 and 108 (including the Code of Ethics for the Director), reviewed the Memorandum of Agreement that had been signed with Health and Welfare, and discussed the Person-Centered Planning Grant that the Council had applied for. Debbie was selected Committee Chair.

- Membership

In the absence of new committee Chair, Jane Donnellan, Paige Fincher presented the Membership Committee report. The committee reviewed new member orientation additions, ideas, and evaluation form. New member orientation will be held before the fall Council meeting.

- Public Policy

Bob Jackson presented the Public Policy Committee report and discussed proposed changes to No Child Left Behind (NCLB), the VOR bill to change the DD Act (HR 2839), School-based Medicaid, Vocational Rehabilitation's Extended Employment Budget Proposal, Public Transportation State Appropriation, a bill to restore some of the ADA protections that the courts have struck down, and a new Autism Bill. Because Jim had to leave the committee meeting early, he reviewed the Medical Consent legislation that is being drafted. There are 3 key areas for the Council to focus on: 1. Definition for competent consent is, 2. Defined duties for health care professionals and their responsibilities in deciding what competent consent is, and 3. Definition for the word "futile" in making decisions about life sustaining treatment.

Following the reports, there was a motion by Dona Butler to accept all reports. Bob seconded the motion. The motion was approved unanimously.

2008 Workplan

Staff presented the 2008 Workplan for review, action and approval by the Council. There was some discussion about public comment received regarding segregated employment under Employment Goal, 3-1-A Strategic Initiative. It was suggested to add an activity: Collaborate with Vocational Rehabilitation to secure additional funding for Community Supported Employment consistent with the Council's position. In response to public comment, the final activity under Strategic Initiative 5-1-A was revised to read: Support activities and events that provide opportunities for distribution of information about community resources and services for individuals with developmental disabilities and their families. Under Activity 6-1-A, there was a change in wording of one of the activities to read: Collaborate with Co-Ad to continue efforts to increase awareness about the needs of people with developmental disabilities so they are included in local emergency plans. There was discussion about working with the media about using people-first language under 7-1-A, but no change in wording was made. There was a change made to the wording of the first activity under 9-1-A to read: Develop and disseminate informational materials for parents and others about self-determination, include on the Council website, in the newsletter and in presentations. Under 10-2-A, the wording was changed to read "the Office of the Secretary of State". For the activity under 11-1-A, wording was added to read ... develop training materials for adults with developmental disabilities on sexual abuse and domestic violence prevention and support. In Strategic Initiative 12-1-A, the word "plans" was changed to "efforts" to allow for greater flexibility in activities.

After the review, Mike Smith moved to approve the plan; seconded by Corrine Johnson. The motion carried unanimously.

Election of Vice-Chair and Consumer Representatice The Nominations for Vice-Chair were taken. James Steed was nominated by Jim Baugh. Debbie DePaola was nominated by Corrine Johnson, Mike
